SUMMARY

Front-End Web Developer with a Bachelor's degree and expertise in HTML, CSS, JavaScript, Webpack, npm, JSON, API integration, and JavaScript libraries. Skilled in creating responsive, dynamic web applications and optimizing workflows for performance. Passionate about delivering seamless user experiences and efficient, scalable solutions.

WORK EXPERIENCE

Department Supervisor, Nsouli Jewelry

Sept 2022 - Present

- Managed inventory for all departments, ensuring accurate stock levels and efficient order fulfillment.
- Analyzed production, expense, and profit data to identify cost-saving opportunities and improve efficiency.
- Streamlined inventory tracking systems and prepared detailed performance reports for management.

Web Dev Internship, Hijazi Holdings Co.

Oct 2022 - Sept 2022

- Developed and maintained responsive web pages using HTML, CSS, and JavaScript, enhancing user experience
- Assisted in optimizing website performance and load times by refining CSS and JavaScript code.
- Collaborated with the design team to translate wireframes and mockups into functional web interfaces.

PROJECTS

Weather app

<https://mistercage840.github.io/WeatherApp/>

- Developed a weather app using HTML, CSS, and JavaScript to fetch and display current weather and multi-day forecasts via a Weather API.
- Integrated JSON data handling and dynamic DOM updates for real-time user interactions.
- Designed a responsive interface for optimal performance across devices.

Battleship Game

<https://mistercage840.github.io/Battleship/>

- Developed a fully interactive Battleship game using vanilla JavaScript, HTML, and CSS.
- Practised Test-Driven Development (TDD) using Jest to build and validate core game logic before implementation.
- Wrote comprehensive unit tests for gameboard state, ship behavior, and attack outcomes to ensure correctness and reliability.

EDUCATION

Bachelor in Computer Science

Oct 2019 - Aug 2022

Lebanese International University (Beirut, Lebanon)

- GPA: 3.31 (Honors) **MOFA attested**

Additional details:

- Valid UAE driving license
- English & Arabic Speaker
- Currently undergoing Full stack Dev course

KEY SKILLS

- Javascript
- HTML / CSS
- Data Structures
- LinkedLists / BST
- NPM / Webpack / JSON
- C#
- Java
- SQL
- Git / Github
- Jest
- MS Office
